

Luciano Tonlorenzi

SOFTWARE ENGINEER

Profile

Passionate Software Engineer with 4+ years of experience developing websites and apps. currently live in Argentina, but I am an Italian citizen, and I am planning to move to England in the next few months.

Employment History

Web/Mobile developer, Appstrack, Buenos Aires

SEPTEMBER 2018 - PRESENT

I am currently working at Appstrack as a web page and mobile developer. Appstrack is a small company, so the projects they assigned to me are fully developed by me. We work with:

- Angular 2+
- Node / NPM
- Ionic v3-v4 / Cordova / Capacitor
- JavaScript / TypeScript / HTML / CSS / SASS / jQuery
- GIT
- Google Cloud stack J Firebase / AWS
- Bootstrap / Angular Material
- Jira / Trello
- Agile methodologies
- API's development and Integration

Developer, Summant Technologies SRL, Buenos Aires

AUGUST 2016 - AUGUST 2018

- Meta4, PeopleNet development
- Web development with HTML, CSS, JavaScript.
- Backend database development with SQL Server.

Education

Software Engineer, National University Of La Matanza, Buenos Aires

MARCH 2014 - DECEMBER 2019

First Certificate in English, University of Cambridge, Buenos Aires

MARCH 2018 - MARCH 2018

Bachelor's Degree in Economics, Sagrado Corazon de Jesus, Buenos Aires

MARCH 2008 - DECEMBER 2013

Internship

Lift Operator, Squaw Valley, CA, Lake Tahoe

DECEMBER 2016 - MARCH 2017

I worked as a Lift Operator in Lake Tahoe for four months. It was a great experience in which I learned to speak English fluently.
